## Security Code Entry

You are about to enter a section of the website that can access sensitive data. To proceed, you must perform an extra security validation.

Enter the specified letters from your security word to validate

Please Note: Your security word is NOT the same as your password, and is NOT the four digit code used in PharmaBase.  
The security word is a six letter word that you selected from a suggested list when you first logged in to PharmOutcomes

First letter   
Sixth letter

This is especially important for the EHC and Chlamydia treatment PGDs as you will be guided through the PGD by following the online questions. Once you have completed the service you click **SAVE** and, that's it, payment will happen **AUTOMATICALLY** at the end of the month.
